

Motorbike Air Filter Oil

DESCRIPTION

Motorbike Air Filter Oil is a specially developed product for wetting foam and fabric air filters. Dust and dirt are reliably deterred even under extreme operating conditions and engine damage is thus avoided. Motorbike Air Filter Oil guarantees an optimum air flow and thereby maximum engine performance.

PROPERTIES

- Very good adhesion
- Binds sand and dust and prevents wear due to abrasion
- Increases service life of the engine
- Waterproof
- Improves filter performance

TECHNICAL DATA

Base	: polymers
Form	: liquid, aerosol
Color	: yellow
Odor	: characteristic
Density at 20 °C	: 0.676 g/cm ³
Flash point	: -60 °C

AREAS OF APPLICATION

Motorbike Air Filter Oil is suitable for use on all two-stroke and four-stroke motorbikes as well as vehicles with air or water-cooled engines using foam or fabric air filters.

APPLICATION

First free the filter of coarse contaminants by knocking them out. Clean air filter with Liqui Moly Cleaner and Thinner, part no. 6130, and moisten with Motorbike Air Filter Oil after the solvents have evaporated. Before installing the air filter, allow it to air out for 10 to 15 minutes.

When working with Motorbike Air Filter Oil, make sure that the area is well ventilated.

AVAILABLE PACK SIZES

Motorbike Air Filter Oil 400 ml Part no. 1604 D-GB-I-E-P
